

Morgan Grey

Agile and Waterfall Project Manager

I am a certified Agile and Prince2 project manager who is equally at home debating technical features and working with marketing people on launch plans. I am drawn to the human side of projects and seeing how people factor into the more holistic approach.

WORK EXPERIENCE

Senior consultant QA Ltd

01/2020 - Present

London, UK

QA Ltd is an award-winning tech training and skills provider, contracting to government departments and the tech sector.

Achievements/Tasks

- Senior consultant covering DevOps, Cloud Architecture, Project Management and Business Analysis
- Contracted to Scottish Social Services working on 2 large cloud projects that impact a million people each.
- Led on several internal projects for improvement of our internal systems of working and GDPR updates
- Facilitated several cohorts undertaking training in business analysis, cybersecurity and low-code training in Mendix.
- As a diversity champion, my work brought QA into top 50 inclusive companies in the UK and earned an award for older workers

Contact : Mark Beddis - Senior Consultant Technical Manager - mark.beddis@qa.com

Legal Project Manager (contract) Hassnet LTD

05/2005 - 01/2020

Hassnet was a small business that worked directly with solicitors and barristers on caseloads, process improvement projects and progress reports.

Achievements/Tasks

- Lead on several cases that were high volume, complex and/or of public interest.
- Worked on projects with government departments including the Environment Agency, Wales.
- Took lead with several clients and ensured that final delivery was always on time.
